# CCISD Reevaluation Process and Time Line

**Extension** of the 30 day time line is allowable for any evaluation if agreed to by the parent and district. Agreement to extend evaluation time line does not alter due date of any IEP/Notice with exception of initial IEP.

**For Reevaluation: If parent does not respond and is silent** after reasonable number of documented attempts to obtain consent, the proposed evaluation may be conducted.

**Notice** is given for certain proposed actions; likewise, written notice must be given to parents when districts **REFUSE** certain actions. Notice forms above are for proposed actions. *Seek CCISD guidance when contemplating refusal.*
