

District/PSA Template for the Extended COVID-19 Learning Plan as Described in [Public Act 149](#), Section 98a

August 27, 2020

[September 3, 2020 Clarifications](#)

On August 20, 2020 Governor Whitmer signed House Bill 5913 into law as Public Act 149. Section 98a states that in order to receive state aid for 2020-2021, districts must provide for instruction under an extended COVID-19 Learning Plan (“Plan”) that has been approved by an intermediate district or authorizing body. The Plan does not replace the District’s/PSA’s COVID-19 Preparedness and Response Plan, it is an additional plan that includes new assurances and sections on educational goals, instructional delivery, grading, and equitable access. PA 149 does not apply to districts that operate as a cyber school.

District/PSA educational goals written for all students and all subgroups must be established no later than September 15, 2020 and submitted in their Plan to the ISD or Authorizing Body, as applicable, no later than October 1, 2020 for approval. ISDs and PSAs will transmit the approved plan to the state superintendent of public instruction and the state treasurer.

This is a Review Only document. Please download it as a Microsoft Word document to add your own District/PSA logo and Extended Covid-19 Learning Plan.

District/PSA Extended COVID-19 Learning Plans should be submitted to the ISD or Authorizing Body as a PDF file.

Copper Country ISD Extended COVID-19 Learning Plan

Address of School District/PSA: 809 Hecla Street, Hancock, MI 49930

District/PSA Code Number:31000

District/PSA Website Address: www.copperisd.org

District/PSA Contact and Title: George Stockero, Superintendent

District/PSA Contact Email Address: gstockero@copperisd.org

Name of Intermediate School District/PSA: Copper Country ISD

Name of PSA Authorizing Body (if applicable):

Date of Approval by ISD/Authorizing Body:

Assurances

1. The District/PSA will make their ISD/Authorizing Body approved Extended COVID-19 Learning Plan accessible through the transparency reporting link located on the District's/PSA's website no later than October 1, 2020.
2. The District/PSA will create and make available on its transparency reporting link located on the District/PSA's website, a report concerning the progress made in meeting the educational goals contained in its Extended COVID-19 Learning Plan not later than February 1, 2021, for goals its expected would be achieved by the middle of the school year and not later than the last day of school of the 2020-2021 school year for goals the District/PSA expected would be achieved by the end of the school year.
3. Benchmark Assessments: The District/PSA will
 - select a benchmark assessment or benchmark assessments that is/are aligned to state standards.
 - administer the approved benchmark assessment, or local benchmark assessment, or any combination thereof, to all pupils in grades K to 8 to measure proficiency in reading and mathematics within the first nine weeks of the 2020-2021 school year and again not later than the last day of the of the 2020-2021 school year.
4. If delivering pupil instruction virtually, the District/PSA will
 - provide pupils with equitable access to technology and the internet necessary to participate in instruction, and
 - expose each pupil to the academic standards that apply for each pupil's grade level or courses in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.
5. The District/PSA, in consultation with a local health department will develop guidelines concerning appropriate methods for delivering pupil instruction for the 2020-2021 school year that are based on local data that are based on key metrics. Note: A determination concerning the method for delivering pupil instruction shall remain at the District/PSA Board's discretion. Key metrics that the District/PSA will consider shall include at least all of the following:
 - COVID-19 Cases or Positive COVID-19 tests
 - Hospitalizations due to COVID-19
 - Number of deaths resulting from COVID-19 over a 14-day period
 - COVID-19 cases for each day for each 1 million individuals
 - The percentage of positive COVID-19 tests over a 4-week period
 - Health capacity strength
 - Testing, tracing, and containment infrastructure with regard to COVID-19
6. If the District/PSA determines that it is safe to provide in-person instruction to pupils, the District/PSA will prioritize providing in-person instruction to pupils in grades K to 5 who are enrolled in the District/PSA.

7. The District/PSA assures that
 - instruction will be delivered as described in this plan and re-confirmed by the District/PSA Board,
 - the description of instructional delivery in this plan matches the delivery of instruction to be delivered during the 2020-2021 school year,
 - the District/PSA will re-confirm how instruction will be delivered during the 2020-2021 school year thirty days after ISD approval of the plan, and every 30 days thereafter at a meeting of the Board, and
 - public comment will be solicited from the parents or legal guardians of the pupils enrolled in the District/PSA during a public meeting described in PA-149.
8. The District/PSA will ensure that students with disabilities will be provided with equitable access to instruction and accommodation in accordance with applicable state and federal laws, rules and regulations.
9. The District/PSA will ensure that two (2), 2-way interactions occur between a pupil enrolled in the District/PSA and the pupil's teacher or at least one (1) of the pupil's teachers during each week of the school year for at least 75% of the pupils enrolled in the District/PSA. The District/PSA will publicly announce its weekly interaction rates at each District/PSA Board meeting where it re-confirms how instruction is being delivered. The District/PSA will make those rates available through the transparency reporting link located on the District/PSA website each month for the 2020-2021 school year.

Learning Plan Narrative

Opening Statement

- Please provide a statement indicating why an Extended COVID-19 Learning Plan is necessary to increase pupil engagement and achievement for the 2020-2021 school year.

An Extended COVID-19 Learning Plan is necessary to increase pupil engagement and achievement for the 2020-2021 school year because we have students participating in face to face and virtual instruction-- something that we have not done before. We may also need to educate all students virtually if schools are required to close again. Some students may not have been fully engaged during the previous spring and we will need to increase this engagement in order to improve student achievement.

Although the CCISD operates programs for students from birth to 26 years of age, this plan will specifically focus on K-8 for goals and benchmark assessment as required by this legislation. The district remains committed to addressing the needs of all learners everyday.

Educational Goals

- **Please outline and describe** the educational goals expected to be achieved for the 2020-2021 school year. The District/PSA must establish all of its goals no later than September 15, 2020. Authorizing bodies expect PSA educational goals will be aligned to the educational goal within your charter contract.
- **Specify** which goals are expected to be achieved by the middle of the school year and which goals are expected to be achieved by the end of the school year.
- **Ensure** that all of the following apply to the educational goals described in this section: (a) The goals include increased pupil achievement or, if growth can be validly and reliably measured using a benchmark assessment or benchmark assessments, growth on a benchmark assessment in the aggregate and for all subgroups of pupils; (b) The District/PSA benchmark assessment(s) are aligned to state standards and will be administered to all pupils K-8 at least once within the first 9 weeks of the 2020-2021 school year and not later than the last day of the 2020-2021 school year to determine whether pupils are making meaningful progress toward mastery of these standards; and (c) the District's/PSA's educational goals are measurable through a benchmark assessment or benchmark assessments.
- To the extent practicable, the District/PSA will administer the same benchmark assessment or benchmark assessments that it administered to pupils in previous years.

All children in the CCISD Learning Center have an Individualized Education Plan. We will use progress on IEP goals to monitor progress and engagement. There are no benchmark assessments available that would meet the needs of all students enrolled in the CCISD Learning Center. All IEP goals are aligned to the state standards.

Mid-year 80% of students will make progress on their IEP goals.

End of year 90% of students will make progress on their IEP goals.

Instructional Delivery & Exposure to Core Content

- **Please describe** how and where instruction will be delivered during the 2020-2021 school year. (e.g. instruction may be delivered at school or a different location, in-person, online, digitally, by other remote means, in a synchronous or asynchronous format, or any combination thereof).

Instruction is being offered at school in-person for all students. Families also have the option to participate online in a combination of synchronous and asynchronous instruction if they choose because they feel it is best for them at this time. We are allowing families to move from face to face and virtual or from virtual to face to face when they choose. We are prepared to educate all students virtually or by other remote means if face to face instruction is no longer permitted.

- **Please describe** how instruction for core academic areas will expose each pupil to the academic standards that apply for each pupil's grade level or course in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.

No matter if the students are face to face or virtual, we will follow the same scope and sequence for all students. The same teacher will teach both virtual and face to face for students on their caseload. All students will have access to Google Classroom to engage in instruction and assignments. The same scope and sequence will be followed as we would in a typical year with most students following the alternate curriculum.

- **Please describe** how pupil progress toward mastery of the standards described within this section will be graded or otherwise reported to the pupil and the pupil's parent or legal guardian.

Each student will follow their Individualized Education Plan which outlines how grading will occur in their special education and general education classes. All IEP goals are aligned to the state standards. Parents will receive progress reports based on IEP goals quarterly as they have in previous years.

Equitable Access

- If delivering pupil instruction virtually, please **describe** how the District/PSA will provide pupils with equitable access to technology and the internet necessary to participate in instruction.

For the families that are choosing the virtual option and have requested assistance, we are providing devices and internet access when possible. Given our rural location and the challenges associated with this, we are using a variety of solutions to address internet access.

- **Please describe** how the District/PSA will ensure that students with disabilities will be provided with equitable access to instruction and accommodation in accordance with applicable state and federal laws, rules and regulations.

When school starts, students' IEPs, IFSPs, and 504 plans will be reviewed in coordination with general and special education teachers and/or providers to address any data-driven accommodations and/or services that are needed due to known changes in students' needs.

For students from birth to five, those with identified special needs, and those attending CTE programming, intervention and support services will be integrated into the student's program immediately upon the start of school.

The district has established structures for general and special education teachers and/or providers to collaborate and communicate regarding student performance and student needs on IEP goals and objectives with special consideration regarding assistive technology and accessibility. Resources to consider: Alt+Shift consultation or web resources at - <https://www.altshift.education/resources/remote-learning-resources>

The district ensures a continuation of services for students receiving speech and language, occupational therapy, physical therapy, or social work services within their IFSP or IEP. The district also ensures a method for the continuation of evaluation for students suspected of having a disability as well as those requiring re-evaluation.
